Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr Frentrup called to make sure that he was clear on drawing objections prior to response so as to avoid unnecessary drawing revisions and expense. A proposed drawing revision was submitted informally on 11/8/2006. Examiner reviewed and spoke to Mr. Frentrup's office. "Optional" cannot be on the drawing, so the proposed drawing would be objected to. However, examiner noted that while a tang not shown could not be added, the reverse would be acceptable, and suggested submitting an additional drawing identical to Fig 1 except omitting part "34" (the tang) and its reference number. Examiner cannot in good conscience say that that would be new matter, and agreed to accept and enter such a revised figure if it were submitted in the response, along with the spec changes to describe the new Figure. .
